

COMPANY PROFILE

Since 1975 through technical expertise acquired in over 40 years of experience, we have not only supplied valves but also appreciated indications, suggestions and an excellent assistance to our customers in every stage of production.

Our company specializes in ball valves, butterfly valves, piston valves with pneumatic and electric actuators as well as accessories such as control solenoid valves and position signalling boxes.

We are now a solid reference point for machine and plant manufacturers in many industrial sectors, in particular food, chemical, pharmaceutical, steel, plastics, water treatment, where it is necessary to intercept and transport liquids, gases and solids.

EVIAN S.r.l. believes that it is the right solution for fluid control, we have always focused on product quality and innovation, this combined with an excellent price-quality ratio, is simply the strength of our company.

APPLICATIONS

EVIAN
Industrial Valves

QUALITY

Our Valves are designed and built for long-lasting use

CUSTOMIZED SOLUTIONS

Through detailed analysis of your requirements and technical specifications, we creatively develop on-time solutions that are focused on our customer's needs.

CONTINUOUS IMPROVEMENT

Our team analyse all feedback day by day in order to identify ways to increase the quality and reliability of our solutions. Thanks to our flexibility, standard products are delivered within only few days in line with our customer requirements.

Since 1975

EVIAN
Industrial Valves

La giusta soluzione per il controllo dei fluidi
The right solution for fluid checking

2 Way - 3 Way Ball Valves Brass Body

ATEX version upon request
High Pressure Service PN 210 upon request

2 Way Ball Valves - Carbon Steel or Stainless Steel For High Temperature and Pressure Service

ATEX version upon request
High Resistance body

2 Way - 3 Pieces Ball Valves Carbon Steel or Stainless Steel

ATEX version upon request
High Temperature Service
Socket Weld and Butt Weld connections upon request

2 Way Wafer Type Ball Valves Carbon Steel or Stainless Steel Flanged and Split Body Type

ATEX version upon request
High Temperature Service
High Pressure Service
ANSI 150 or ANSI 300 connections
Heating Jacket upon request

2 Way - 3 Way Ball Valves - Polished Stainless Steel from bar - For Food and Beverage field according to 1935/2004 Regulation

ATEX version upon request
DIN 11850 - CLAMP - FLANGED connections
PTFE with glass Fibre upon request
Heating Jacket upon request

Butterfly Valves Stainless Steel Body with SILICON - EPDM - FKM seat DIN 11850 / CLAMP - WELD - BSP connections

Female - Male Connections
SMS 1146 Connections

Butterfly Valves Wafer type and Lug type Cast Iron Body a different kind of liner EPDM - NBR - FKM - SILICON - WHITE EPDM

ATEX version upon request
Polished SS A316 discs
SS A316 body
PTFE disc and seat

Ball Valves and Butterfly Valves PVC or PP-GR

EPDM or FKM seat
Polypropylene or Technopolymer Pneumatic Actuators upon request

Rack & Pinion Pneumatic Actuator Aluminium - Stainless Steel A316 Single Acting and Double Acting - 90° - 120° - 180°

EPOXY coating, PTFE or Chemical Nickel Plating upon request
FKM seal for high temperature
SILICON seal for low temperature

2 Way - 3 Way Angle Piston Valves - Shuttle Valves

SS 316 body - SS 304 actuator
BSP - WELD - CLAMP - FLANGED connections

Ball Valves and Butterfly Valves with Electric Actuator

ON-OFF type with additional limit switches included
Voltage 24 V AC/DC and 220 - 240 V AC

Limit Switches Box NAMUR Solenoid Valves - Positioners

ATEX version upon request
